TRAVELING MEN TAKE ROUTES

Watson-Plummer Men Starting Out With Fine Shoe Samples for the Trade.

THE OUTLOOK IS VERY ENCOURAGING

Men Predict Good Year's Business for the New Factory About to Open

The twenty-eight or thirty traveling men for the Watson-Plummer Shoe company have been here for the past two days getting their samples and instructions preparatory to starting out for their spring canvass.

The men for the far west, who will make the states of California, Oregon, Washington and adjacent states, left last evening or this morning and the others will probably all be away by tonight. They are greatly pleased with their samples and although they are a few days late in getting away they have no fear but the harvest of orders will be great.

C. B. Weeks, one of the new men whose home is at Cedar Rapids and whose territory will be western Iowa and nothern Missouri, was formerly with a St. Louis house and covered practically the same territory which he now takes. He says the prospects are excellent; the country has had good rains and every condition is favorable for a good trade. The Watson-Plummer men, he says, are very enthusiastic and he is delighted with the big Dixon factory. Mr. Watson is a hustler and keeps in close touch with the trade and its demands, which fact encourages the men and they will push their sales with the confidence of having a good thing and what the people want.

There is no question but what the Dixon factories will soon be running a heavy force of workmen and Mr. Watson is now engaging help and assigning work. The cutters will probably begin work the first of the week.

BLIZZARD MAY CAUSE HANGING OF MAN.

Murderer Condemned to Die To-morrow is Reprieved, But Wires Are Down.

Charles F. Woodward, condemned to be hanged at Laramie, Wyoming Friday morning, may be executed in spite of the fact that the State Supreme Court Tuesday ordered a rehearing. He formerly lived in Lee county.

When the stay of execution was granted the condemned man's attorneys hastened to the telegraph office to notify Sheriff Tubbs, at Casper. Last night these telegrams were returned to the senders with the information that the blizzard had severed all communication, and there was no hope of getting word through for three days.

A messenger was dispatched east to Grand Island, hoping to catch a train on the Elkhorn. It is understood the storm has tied up traffic on that road. If this proves to be the case Woodward will be hanged. Even if the stay reaches him he may be lynched, as the citizens of Natrona County declared before the trial that if there was any delay in the trial they would hang him themselves.

The First Straw Hat.

The first straw hat made its appearance in Dixon today, a month or more in advance of the usual time of the appearance of this style of headgear in the city, except perhaps in the clothiers' windows. The individual, who wore the premature bonnet, walked unconcernedly down First street to Andy Callahan's, and though he attracted much attention he was apparently oblivious of the fact.

Davy Jones Joins Browns.

Davy Jones, the well known young ball player, stopped over in Dixon yesterday and today on his way from his home in Wisconsin to West Baden, Ind., where he will join the St. Louis Browns of the American league. He is in fine form and may be looked upon to do some phenomenal work on the diamond with the Missouri team the coming season. He has many warm friends in Dixon who will follow his career with interest.

Will Conduct Wholesale Business.

We announced yesterday that E. S. Miller would not succeed to the wholesale business of J. H. Morris and Son, but he has decided to do this and will conduct both the retail and wholesale departments.

Morris & Son will have their books in Geo. D. Laing's store until accounts are settled. Will Hintz is assisting in collecting the accounts.

Late Telegrams

COAL MINERS STRIKE.

Will Probably Be Compromised Between Owners and Operators.

Special to THE TELEGRAPH:

NEW YORK, March 27.—John Mitchell, president of the Coal Mine Workers association and his associate officers, went into a conference this morning with W. H. Truesdale, president of the Delaware and Lackawona and western railway; R. R. Thomas chairman of the board of directors of the New York & Erie railway; and Robert Olyphant, president of the Delaware and Hudson railway companies for the purpose of discussing the difference between miners and mine owners.

These important officials will probably settle the difficulties which threatened far reaching and perhaps damaging strike. They were brought together through the influence of the officers of the National Civic Federation.

Krums Bill Passed.

Special to THE TELEGRAPH:

ALBANY, N. Y., March 27.—The Senate has passed the Krums bill amending the tax law in relation to the payment of state fees and taxes by corporations.

Pennsylvania Miners and Operators Agree.

Special to the Telegraph:

ALTOONA, Pa., March 27.—Miners and operators here have reached an agreement and the wage scale of 1901 is to be re-affirmed. The scale committee has signed the scale.

WED AT BRIDE'S HOME.

Miss Estella Hartman and Frederick Geer Receiving Congratulations.

Wednesday evening at 8 o'clock at the home of the bride's mother, Mrs. Sarah S. Hartman, four miles west of Dixon, on the Rock Island road, occurred the marriage of Miss Estella Cora Hartman and Frederick Geer, son of James Geer, of Nelson township.

The wedding was a very happy affair. Numerous relatives and neighbors were present to witness the ceremony, which was performed by Rev. J. P. Heltzel. The bride looked very pretty in a brown traveling suit.

A fine supper of the kind known to genuine country hospitality was served and the many friends left numerous wedding presents. Both the young people have a host of friends who extend congratulations. They will reside on the Hartman farm, which the groom has rented.

WILL NOT SELL BUSINESS.

George Schorr Declines to Make Out Final Papers to Pabst.

It was recently stated that George Schorr had decided to sell his saloon business and real estate to the Pabst Brewing Company of Milwaukee, and the signatures to the legal documents were the only obstacles to the transfer. The price was $9,500. The company, however, also wished to have Mr. Schorr sign a contract to the effect that he would not open up in the business for a long period, together with other stipulations which he did not feel inclined to accede to. The deal was declared off today and Mr. Schorr will continue to run his business as in the past, no part of the property changing hands.

NELSON FIGHT.

Hot While it Lasted But No Blood Shed.

There was a wicked fight between two railroad men at Nelson depot one evening this week. They were parted by M. W. Vandeventer. Then one of the men got a pistol and threatened Vandeventer's life if he attempted to take it from him. But Vandeventer insisted on disarming the fellow and had to throw him twice and choke him severely before he would give up.

—Don't forget the Baptist Young People's Social in the lecture-room of the church this evening. A good time is always assured at these periodical hand-shakes.

JUDGE BAUME TO OPEN COURT

Jury Trials Will Be Confined to First Two Weeks of the Term. Judge Shaw Is Ill.

LEECH-YORTY WILL CASE COMES UP

Will Probaby Be the Only Long Trial—Jury to Report First Monday of Court.

On account of the illness of Judge James Shaw, who was to have heid the April term of the Lee county circuit court. Judge Baum will hold the first two weeks of the term.

By his direction the petit jury will be summoned for the first day of the term, April 14th, instead of for the second Monday as has been the custom heretofore.

As Judge Baum has to hold the Ogle county circuit beginning the fourth Monday of April, he can be here two weeks and no longer.

An effort will be made to get all jury trial disposed of during the time Judge Baume can be here.

It is likely that there will be but one long jury trial the Leech-Yorty will case.

HEAD OF HIGHLAND PARK COLLEGE.

Prof. C. C. Rearick is Succeeded by Prof. O. H. Longwell

President J. B. Dille arrived home this morning from Des Moines, Iowa, where he has been for some time attending to matters in connection with the retirement of Prof. C. C. Rearick as head of Highland Park College at that place. The latter was formerly of Dixon College and a member of the faculty of that institution. He has now left Des Moines for a trip through the South to recuperate his health, Prof. Rearick received a salary, but had no interest in either of the educational institutions, although he held a contract which gave him the right to purchase a share in them. This privilege he never took advantage of.

The Highland Park College is valued at $300,000.00, and Dixon College at between $125,000.00 and $150,000.00. They are both owned by President J. B. Dille. He has placed in charge at Des Moines Prof. O. H. Longwell, a comparatively young man, but one who is well known in the ranks of experienced educators. He will have a faculty of forty to manage the educational part of the college. The number of students at Dixon College in the busiest terms is usually about 1,000; at the Highland Park College 1,500.

DEATH OF JOSEPH F. RICE.

Occurred at His Home on East Second Street This Morning

Joseph F. Rice died after a lingering illness of consumption, at the family home on East Second street near the Watson-Plummer shoe factory. He was aged 24 years and was a son of Mr. and Mrs. James Rice. He leaves his parents five sisters and a brother; Mrs. Louis Allemond of this city and Misses Lydia, Sadie, Agnes and Margaret; and John, all at home. The funeral will be held from the house at 10:30 o'clock Saturday morning and at St. Patrick's Catholic church at 11.

Services at St. Paul's.

The nightly services at St. Paul's Lutheran church still hold their interest and the attendance last evening was good. Rev. E. W. Jeffries preached on "The Power of Christ's Resurrection," a topic not as frequently dealt with as is the death of Christ, though equally important, for Paul says: "If Christ be not risen, then is our preaching vain and your faith is also vain."

This evening Rev. D. P. Heltzer of the South Dixon Lutheran charge, will preach, and a general invitation is extended.

At the close of the services on Friday evening, the Council of St. Paul's church will hold a session.

Boys Forget To Be Gentlemen.

Tuesday evening a musical program was rendered at Steinmann college The entertainment was excellent, but it appears that some of the North Side High School boys are more fitted for a remote savage age than for a civilized community. The actions last evening manifested a spirit of anarchy and immorality, and a disregard for the right of others It is expedient that the public should know this and that the guilty persons feel the smallness and meanness of their position. A wink is sufficient for the wise.—Written by an observer.

MODESTY

You've heard of the girl, who, when her teacher asked her to name the smartest scholar in the school, said she couldn't tell, as her father had told her never to brag.
Now, like the girl, if we had to answer which was the best store around Dixon at which to buy kitchen utensils, we'd feel awfully embarrassed.
Might say, though, that our stock in that line eclipses any stock we ever had, and that's saying a whole lot, for we've always made it a feature of our business to furnish kitchens for beginners. All sorts of utensils—all grades.
There's one thing we guarantee—no one will undersell us.

A POST CHECK.

A Good Thing For the People of the Country.

Congress is attempting to perfect a design for currency, intended especially for transmission through the mails, and the active people of the country wish it a success. The committees on post-offices and post-roads have before them a measure providing a Post check in denominations of five dollars and under, down to the denominations of fractional currency. It is proposed to retire the five, two and one-dollar bills now issued by the Government and substitute the Post check, and make the latter the regular paper money for those denominations.

The general appearance of the Post check is that of the present one or two dollar bill. On one side are blank lines upon which the holder may write the name and address of anyone to whom he desires to make payment by mail. The payee, upon receipt of the money, attaches his signature and collects the money at the office named. To forget the signature of the payee is a penitentiary offense, same as counterfeiting. As rapidly as the signed bills come into the possession of postmasters they are sent to Washington for redemption, so that by this process, one can carry about his person paper money in various denominations under five dollars, and it passes as good as gold. Should he desire to make remittance by mail he simply takes out a bill or piece of fractional currency, writes the name of his creditor, after the words "payable to payee named hereon," affixes and cancels a stamp, and it only requires the signature of the latter to again make the money as good as gold at the office named.

Since the adoption of rural mail delivery and our farmers are making so many mail orders, our rural friends will be greatly interested in this proposition, and they do well to so express themselves to their Senators and Representatives in Congress. The design has been dedicated to the Government, so that no individual can selfishly profit by the adoption of the "Post Check."

Political Pleasantries.

Messrs. Dunton of Aurora and Col. Isaac Ellwood of DeKalb were here yesterday as guests of Judge R. S. Farrand.

Whether or not there was any significance in this neighborly call, we are unable to say. We may presume, however, that if they urged the claims of their friend, Senatorial Candidate Hopkins, no real satisfaction was the result, as our people are not liable to become tied up.

Wanting Work.

Reading in the Dixon Telegraph of the good condition of affairs on the farms in this vicinity young men of the draught striken district of southern Missouri write to know if they can get work on the farms here. If any farmer here needs hired help we will send the word south. One young man wants a place for himself and wife, and we are told that he is an extra good hand.

Quack.

Burt Raymond, Glenn E. Plumb and Fred Munson drove up to Castle Rock this morning, taking a boat with them. They are making the trip down the river today with an eye open for ducks. They took the precaution to take a dozen ducks with them so they would present a good appearance when they came into town.

Got Wet.

O. L. Price and son, Claude, went to the Three-Mile branch this morning to get a pail of minnows for the fishermen. They were thoroughly soaked in the rain which came up, but managed to get plenty of minnows. The prospective baits were placed in the large aquarium at the Novelty store.

A New Nation.

So we have a new nation off the coast of Florida; or will have on May 20, when Cuba starts out for herself. Uncle Sam should naturally feel proud of this neighboring Republic, one of his "bringing out," so to speak.

BROUGHT TO LIGHT.

Dixon People Receiving Full Benefit

There have been many cases like the following in Dixon. Everyone relates the experience of people we know. These plain straight-forward statements do much toward relieving the sufferings of thousands. Such testimony will be read with interest by many people.

Mr. Hiram Hetler, of 622 Hennepin Ave., says: "If pain in the back across the loins is any indication of kidney complaint then I had it for some time. As Mrs. Hetler was annoyed almost similarly to me, when we noticed in our Dixon newspapers an advertisement about Doan's Kidney Pills being a sure cure for just such symptoms, we went to Leake's drug store for a box. If it has not brought undoubted benefit we would never have continued the treatment until the last attack disappeared."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Cures Blood Poison, Cancer, Ulcers, Eczema, Etc., Medicine Free.

If you have offensive pimples or eruptions, ulcers on any part of the body, aching bones or joints, falling hair, mucous patches, swollen glands, skin itches and burns, sore lips or gums, eating, festering sores, sharp, gnawing pains, then you suffer from serious blood poison or the beginnings of deadly cancer. You may be permanently cured by taking Botanic Blood Balm (B. B. B.) made especially to cure the worst blood and skin diseases. It kills the poison in the blood, thereby giving a healthy blood supply to the affected parts, heals every sore or ulcer, even deadly cancer, stops all aches and pains and reduces all swellings. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scales, pimples, running sores, carbuncles, scrofula, etc. Especially advised for all obstinate cases that have reached the second or third stage. Druggists, $1. To prove it cures sample of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice given. Sold in Dixon by Kelly the Druggist.

Mrs. C. E. Van Duesen of Kilbourn, Wisconsin, was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These tablets are for sale at Rowland Bros. drug store. Price, 25 cents. Samples free.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868 and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75cts. DIPLOMAT FOR CUBA

Quesada Will Probably Be Her First Minister to the United States.

IMPORTANT TREATIES TO ARRANGE

Our Naval Grip on the Island—Dolliver Jumps on Oleo—May Raise the Maine.

Washington, March 27.—It is the present understanding that Gonzales de Quesada, formerly Cuban commissioner, will be the first minister from Cuba to the United States. The United States' diplomatic representative to Cuba will be a full-fledged minister and not a commissioner. President Roosevelt is about to send a message to congress to secure legislative authority for the appointment of such a minister, as well as for the half dozen United States consuls who must be appointed. There are no less than 200 applications on file for these consulates already, and the sending of the president's message on the subject is expected to vastly increase this number.

Needs To Be a Posted Man.

The president has not yet indicated the person he will name as United States minister to Cuba, but in view of the fact that this official must plunge at once into the difficult task of negotiating a fabric of treaties with the new republic it is expected that the choice will fall upon some one not altogether lacking in diplomatic experience. The choice will certainly not fall upon an army or naval officer in the present state of mind of the

GONZALES DE QUESADA.

executive. The presumption is that the salary attached to the office will be in the neighborhood of $7,500 per annum, a sum proportionate to the salaries paid to United States ministers in countries corresponding in population to Cuba.

Location of Our Naval Stations.

Preliminary steps have already been taken by the United States government to locate the naval and coaling stations which, by the terms of the Platt amendment, are to be ceded by treaty to the United States. Rear Admiral Fradford, chief of the equipment bureau of the navy department, has given special attention to the subject, and for the last two weeks has been cruising in West Indian waters, particularly directing his attention to Cuban ports. He has arrived at Guantanamo, and it is believed that here will be located the principal—if not the only—United States naval station in Cuba.

Will Defer to Cuban Pride.

The Cubans do not want a naval station at Havana proper, and the United States government is willing to defer to the Cuban national pride in this matter. But one of the coaling stations—without defenses, and so entirely different from a naval station—will be located in Havana harbor, probably at Triscornia, just across the bay from Havana, and connecting by rail with the principal railway system.

DOLLIVER ON OLEOMARGARINE

Iowa Statesman Doesn't Care if Oleo Factories Disappear.

Washington, March 27.—Oleomargarine, and its various sins of omission and commission, was the subject of yesterday's debate in the senate. Stewart of Nevada declared that the proposed legislation was unnecessary and that there was no more reason for taxing colored oleomargarine than for taxing colored butter.

The principal speech of the day was delivered by Dolliver. He produced a package of oleomargarine and said the package was marked, but it would tax any man's ingenuity to find the mark. He then handed the package to Tillman and challenged him to find the mark required by law to be on the wrapper. Tillman failed to discover the imprint. Dolliver then pointed it out, printed in fine type in a corner of the wrapper.

Dolliver declared that the only way "to break up a nest like this" was "to reduce to a minimum the profits of the rascality." He said there must be something fatally wrong with a business that spends more of its time dodging the police and the courts than in the other branches of the business. He insisted that the proposed law would not interfere with legitimate industries which supplied raw materials to the oleomargarine manufacturers, and that the oleomargarine industry itself would not be injured seriously. Even if the oleomargarine industry should be wiped out, however, it must be borne in mind that the American dairy interests represented far more than all the interests which contribute raw material to the oleomargarine industry.

WOULD RAISE THE OLD MAINE

Gen. Wood Gives Various Reasons Why This Work Should Be Done.

Washington, March 27.—General Wood has brought to the attention of the war department, through the medium of a formal letter, the propriety of making some arrangement for raising the wreck of the Maine from the ooze and mud in which she lies embedded in Havana harbor. It is stated by him that not only are there sentimental reasons for this, owing to the fact that according to common belief the remains of forty or fifty American sailors lie within the sunken hulk, but this heavy steel structure is also a menace and obstruction to navigation in the harbor of Havana and it is our duty to the Cubans to remove it. The expense attached to the undertaking is very heavy, the bids ranging anywhere from $400,000 to $700,000.

STATUS OF THE FILIPINOS

They Are To Be Called People of the Philippine Islands.

Washington, March 27.—The senate committee on the Philippines has concluded consideration of the Philippine government bill with the exception of the portion relating to the currency of the island. The full committee yesterday adopted the following as a section of the bill:

"That all inhabitants of the Philippine islands continuing to reside therein who were Spanish subjects on the 11th day of April, 1899, and then resided in the Philippine islands, and their children born subsequent thereto, shall be deemed and held to be citizens of the Philippine islands, and as such entitled to the protection of the United States, except such as shall have elected to preserve their allegiance to the crown of Spain in accordance with the provisions of the treaty; * * * and they, together with such citizens of the United States as may reside in the Philippine islands, shall constitute a body politic under the name of the people of the Philippine islands."

TWENTY PER CENT. MEN ON TOP

Can Report the Cuban Reciprocity Bill Without Democratic Aid.

Washington, March 27.—The statement is made in a quarter having unusual facilities for knowing the facts that the Cuban reciprocity measure, as agreed upon by the recent Republican conference, will have enough Republican votes in the ways and means committee to assure its being reported, without the assistance of any Democratic votes. This is directly contrary to the generally understood situation in the committee, but the source of the information is such as to warrant the belief that the bill will be reported by Republican votes.

In view of the changed conditions Chairman Payne has under consideration the advisability of calling a special meeting of the ways and means committee the latter part of this week, instead of waiting until the regular meeting next Wednesday, to pass on the Cuban bill. No final determination has been reached, however, although the return of Grosvenor today probably will bring about an early arrangement.

Senate and House in Brief.

Washington, March 27.—Throughout the session of the senate yesterday the oleomargarine bill was under discussion. Hansbrough, Dolliver, Hoar and Lodge made speeches favoring the bill and Stewart of Nevada opposed it. An executive session was held.

General debate on the military appropriation bill was concluded in the house, and consideration of the bill under the five-minute rule began. The Burleson resolution calling on the president for information relative to the application of General Miles to go to the Philippines was adopted.

Wants North Carolina Investigated.

Washington, March 27.—Representative Pou, of North Carolina, has introduced resolutions providing for a select committee to inquire whether the party organizations in North Carolina used money in attempting to elect candidates in 1896, 1898 or 1900.

Gives Wildes a Free Hand.

Washington, March 27.—The navy department has given Rear Admiral Frank Wildes, the ranking admiral in the Philippines, authority to take such steps as may be necessary to prevent the spread to the navy of the cholera epidemic at Manila.

Lentz Loses His Case.

Washington, March 27.—The house comittee on elections has decided the contested election case of John J. Lentz vs. Emmet Tompkins, for the Columbus, O., district, in favor of Tompkins.

INSURRECTION NEARLY OVER

Only One Filipino General Now in the Field, and Doubt of Him.

Manila, March 27.—Noriel, the only insurgent general with the exception of Malvar still in the field, has been captured by Lieutenant Frank E. Bamford, of the Twenty-eighth infantry. A major, a captain, a lieutenant and five men who were acting as a bodyguard to Noriel were captured with him. They have all been held as prisoners of war. There is some reason to believe that one member of this bodyguard is General Malvar in disguise.

Lieutenant Bamford is certain that if this general is not one of the captured party he is in the immediate neighborhood of the scene of Noriel's capture. Noriel has been one of the recognized leaders of the insurrection since 1899. He was captured on his way to the coast while endeavoring to escape.

Thug Kills a Farmer.

Bismarck, N. D., March 27.—A report from Washburn states that Anton Hylinger, a farmer living seven miles north, was shot and instantly killed by a man named Smith. The report states that Smith went to Hylinger's residence and demanded money, and upon being refused blew Hylinger's head off with a revolver.

Young Herzoc Is Exonerated.

Beatrice, Neb., March 27.—The coroner's jury in the case of George Herzoc, the 15-year-old boy charged with killing Anton Kucera, brought in a verdict of justifiable homicide and the boy was discharged. The testimony all tended to show that Kucera was a desperate man when in an angry mood.

Grangers to Meet at Lansing.

Lansing, Mich., March 27.—At the last meeting of the National Grange it was decided to meet in Michigan and the selection of the city was left to the Michigan grange. The state executive committee has selected this city as the meeting place for this year.

Milwaukee, March 27.—Rudolph von Kaltenborn, well known in German veteran circles as well as among litterateurs, is dead at Merrill, Wis.

FROM LABOR TO REST

Cecil Rhodes' Work in the World Ends and He Goes Beyond the Veil.

CLOSE OF A VERY EVENTFUL LIFE

Into Which Great Things Are Crowded in Twenty-Nine Years—His Deathbed Scene.

Cape Town, S. A., March 27.—Cecil Rhodes, whose illness has been a matter of interest in all English-speaking countries, as well as those speaking other languages, passed away yesterday afternoon at 5:57. Rhodes was conscious until 5:55, when he muttered a few words and sank quickly. The immediate cause of his death was two successive attacks of heart fail-

CECIL RHODES.

ure. At his bedside were Dr. Jameson, Dr. J. W. Smartt (the commissioner of public works), Colonel Elmhurst Rhodes (director of signaling of the South African field force) and Mr. Walton, a member of the assembly of Port Elizabeth.

Some Names the Last on His Lips.

Rhodes' last words were the names of his brother and some of the others present, which were meant to be goodbyes. The only person who attended him during his illness and who was not present at his deathbed was Dr. Stevenson; all the others, his boys and personal servants, were admitted at the last. The body was taken to Grooteschuur, the residence of the deceased near Cape Town, on a special train today. There it will probably lie in state for a day or two, and the public will be admitted to view the remains. It has not yet been determined where he will be buried. It was the wish of Rhodes to be interred at Matoppo Hills, Rhodesia.

His Chosen Place of Burial.

Certain of his friends will proceed to Matoppo Hills to determine whether it is practicable to carry out this wish. The features of the dead man are placid, and a death mask of them will be taken. The government has decided to give him a public funeral. His remains will be brought here from Grooteschuur for the burial service, which will be held in the cathedral. The body will then be taken back to Grooteschuur, and will eventually be interred at Matoppo Hills. The news of his death spread through Cape Town between 7 and 8 o'clock last evening and caused profound grief. All places of amusement were immediately closed. An open-air concert was stopped, and the audience uncovered while the band played the "Dead March." The people then silently dispersed.

HIS CAREER JUST OUTLINED

Not 50 Years Old at Death, but Rated at $75,000,000 in Wealth.

Cecil Rhodes was born in Hertfordshire, England, July 7, 1853, and never married. His father was Rev. Francis William Rhodes, an English church clergyman. He was educated at Oxford university for the church, was graduated in 1873, and received the degree of doctor of civil law in 1899.

He went to South Africa on account of ill health in 1874; worked on a cotton plantation; became a miner at the Kimberley diamond fields; got control of the De Beers diamond mines; formed the British South Africa company in 1899 and obtained a royal charter under which the company governed 251,000 square miles of territory, subsequently known as Rhodesia. He planned the railway from the Cape of Good Hope to Cairo.

Political career—Member of the Cape Colony ministry in 1884; premier of the Cape from 1890 to 1895; resigned on account of his connection with the Transvaal, or Jameson, raid; was tried for participation and banished for life, a sentence which was afterward suspended. Before this he had contributed £10,000 to the cause of Irish home rule.

His wealth is estimated at $75,000,000, acquired in twenty-nine years. He was owner of diamond mines, vast tracts of land, ranches, cattle, and corporate enterprises.

He was the ruling spirit in the extension of British influence in South Africa, and leader of the party aiming at a federation of the South African states.

Cecil Rhodes was perhaps the one man of his time whose enormous energy, invincible will, magnificent schemes and splendid achievements justified the appellation "Colossus." He was a great reasoner, a great constructor. He was a dreamer of great dreams and a doer of great deeds to make his dreams realities.

Wallace Did Have a Record.

Sedalia, Mo., March 27.—W. H. Wallace, the negro who was lynched at La Junta, Colo., for assaulting Mrs. Henrietta Miller, an aged white woman, was sent to the penitentiary for two years for a similar crime committed here nearly four years ago. For months there were assaults on white girls and they were finally brought home to him.

Bitten by a Pet Cat.

LaCrosse, Wis., March 27.—Mrs. A. Gibson, of this city, is at the point of death. A pet cat bit her forefinger. Blood poisoning resulted.

STRIKE TO BE AVERTED

Senator Hanna Visits Pierpont Morgan and the Thing Is Done.

New York, March 27.—Regarding the meeting of the coal miners' representatives and the conciliation committee of the Civic Federation, The Herald this morning says: "There is no likelihood of a strike in the anthracite coal district this year. The miners have formulated their demands and the operators will probably meet them half way. The announcement was made last night upon the best authority after Senator Hanna's conference with J. Pierpont Morgan, and the threatened trouble will be averted, mainly through the efforts of the two men who were the chief factors in settling the big strike in the presidential campaign of 1900.

"Senator Hanna is one of the most earnest advocates of the cause of arbitration, and he presented the situation from his view point with such force that Mr. Morgan was convinced that the operators should yield a point."

MILLIONS ENTER A COMBINE

Represents a Capital of $400,000,000 Invested in Flour Factories.

Chicago, March 27.—Representing a capital of about $400,000,000 and an output of about 100,000,000 barrels of flour a year, the National Millers' Federation was finally organized yesterday. At a meeting held in the Great Northern hotel representatives of thirty of the largest milling concerns of the United States elected officers and directors and thus formally launched their organization. Bernard A. Eckhart, of Chicago, was chosen president of the federation.

The new organization is designed to take the place of the National Millers' association and the Winter Wheat Millers' league, which now include most of the flourmaking concerns of the country. The other officers elected were: First vice president, Henry L. Little, Minneapolis; second vice president, ex-Governor E. O. Stannard, of Missouri; treasurer, W. C. Ellis, St. St. Louis. A secretary will be appointed later.

FUNSTON GROWING WEARY

He Turns on the Papers That Criticize His Methods in Catching Aguinaldo.

Topeka, Kan., March 27.—General Frederick Funston was in this city yesterday on his way to California. He said of newspapers which have criticized his methods in the capture of Aguinaldo: "I have been nagged by that class of papers until I am tired. Editorially they wilfully misinterpret my remarks, and I am glad to express my independence of their opinions and their talk and that of their kind, about my using dishonorable and unfair means in the capture of Aguinaldo; also that I violated the articles of war.

"Everything is permissible in a campaign except the use of poison or the violation of a flag of truce. As a matter of fact only four of my men on the expedition were dressed in the insurgent uniform. The others were dressed as Filipino peasants. President Roosevelt approved heartily of my remarks before the Lotus club banquet."

Pettibone's Gift to LaCrosse.

LaCrosse, Wis., March 27.—Ex-Mayor A. W. Pettibone, of this city, has purchased the remainder of Barton's island, opposite the city in the Mississippi river. The entire island is to be donated to LaCrosse for park purposes after improvements are made. Pettibone has already expended $150,000, which, together with the purchase price and improvements, will make the vaule of the gift $300,000.

Kitchener Reports His "Bag."

London, March 27.—General Kitchener reports that after an all-night ride, traveling eighty miles in twenty-four hours, his troops drove Delarey's force against the Lichtenburg blockhouse line, capturing 135 men, three 15-pounders, two pom-poms, large quantities of stock and many wagons. No report of casualties is made, and Delarey himself escaped.

Dunkards Going Northwest.

St. Paul, March 27.—More than 2,000 Dunkards, chiefly from Illinois, Ohio and Indiana, arrived in St. Paul yesterday, being transferred here to the Great Northern railway, along whose lines in northwestern Minnesota and North Dakota they will make permanent settlement.

Report of a Colombian Victory.

Washington, March 27.—Beaupre, charge d'affaires at Bogota, informs the state department that the government announces an important victory over the revolutionists who have been threatening the capital during the last few months.

SECRET SOCIETY WAR

Invades the Precincts of a Couple of Churches in Wheaton Town.

LADY KILLER CAUGHT AT ST. LOUIS

Thought to Fill a Chicago Bill of Wants—Wooed Girls, Then Robbed Them.

Wheaton, Ills., March 27.—The College Congregational church of Wheaton has again caused a stir by having a booklet entitled "Congregationalism and Secret Associations" distributed around Wheaton. This is a direct slap at the First Congregational, the downtown church which allows members to be affiliated with secret orders. The pamphlet is intended to place men like Professor W. B. Chamberlain, of Chicago, Theological; Josiah A. Mack, superintendent of the Chicago Bible society, and Rev. Dr. William E. Barton, of the First Congregational church of Oak Park, in the possession of declaring that no one may be a member of a church and a secret order at the same time.

First Church Makes a Move.

The men advise church members not to affiliate with secret societies, but do not exclude them from church membership on that account. To counteract the position of the College church the First church has called Rev. W. L. Ferris, of Cherokee, Ia., to the pastorate. He has accepted the call. Dr. Ferris is prominent in Congregational circles in Iowa, having been state moderator of Congregational churches. Ferris is a graduate of Wheaton college, of the class of 1879, and has always held the views of the college. Local Grand Army men are indignant because College church people call them worshipers of Baal and will not let them join the church.

Some Witness Fee Frauds in Jail.

Springfield, Ills., March 27.—Edward Smith and William Floyd, alias Edward Porter, were brought here and lodged in jail, having been bound over to the federal grand jury by Commissioner McDowell, at Danville. They are charged with conspiracy to defraud the government by appearing before the grand jury at the term of the federal court just ended at Cairo, giving the names of other men who were subpoenaed to appear as witnesses, testifying in their place, and drawing their pay.

HAD BEEN LOOKING FOR REUTER

Man Who Had a Taking Way When Women Were Involved.

Chicago, March 27.—The Chicago authorities believe that a photograph received from St. Louis is the connecting link in the identification of a man under arrest in the Missopri city as C. F. Reuter, alias Werner, alias Rose, alias Peaseley, alias Klein, who duped a number of women in this city two years ago. A half dozen Chicago girls fell victims to Reuter's wiles at that time.

His scheme was to gain their affection, propose marriage, borrow all their money and jewelry and then decamp. The police of Chicago have been looking for Reuter ever since he conducted his campaign against the pocketbooks of Chicago girls two years ago. The St. Louis prisoner is charged with working the same scheme.

She Remembered His Face.

Chicago, March 27.—Having a good memory for faces, Mrs. Mabel M. Foxwell, 2518 Michigan avenue, caused the arrest of an alleged "fake" solicitor who more than five months ago secured money from her in payment of a subscription for a New York magazine which she never received. Mrs. Foxwell followed him three blocks, and finally coming upon a police office she demanded that he be placed under arrest.

Will Name His Own Delegates.

Rockford, Ills., March 27.—The Winnebago Republican county central committee adopted a resolution dispensing with the county congressional convention and authorizing Judge Charles E. Fuller, of Belvidere, to select his own delegates to the congressional convention to be held at Plano, April 27, these delegates being instructed to cast the county's vote for Judge Fuller for representative.

To Connect Danville and Terre Haute.

Danville, Ills., March 27.—E. A. Lacy, a wealthy farmer and an ex-member of the Indiana state legislature, who lives near Perryville, Ind., is the principal promoter of a scheme to connect Danville and Terre Haute with an electric road. An interurban line is now under construction connecting Danville and Lafayette.

Paper Company Sold Out.

Springfield, Ills., March 27.—Sheriff Woods has sold at auction the properties of the Columbia Paper company, John W. McKinnon, of Chicago, the judgment creditor, bought in the property at $42,887. The total amount of judgments in the hands of the sheriff was $94,059. McKinnon comes into absolute possession at once.

Dies of a Mad Dog's Bite.

Jacksonville, Ills., March 27.—Fletcher Cowen, aged 15 years, is dead of hydrophobia. He was bitten in the face on Feb. 26 by a mad dog. He showed no ill-effects until Tuesday, when he went into spasms and died after great suffering.

DIXON, ILL., MARCH 27 1902

PRESIDENTIAL BEE ON HIS BONNET.

When Henry Waterson was here in Dixon and lectured upon Limcoln we were all impressed with his conservative and mild ideas of national affairs and political matters generally; and, therefore, we are not a little surprised that this great editor should work himself into such a rantankerous rampage as he did the other day in a banquet speech at Washington. However, when Henry gets on a rampage it is no tame affair. Long ago when the supreme court seated Hayes in the Presidential chair this Kentuckian went all to pieces and threatened to march an army of Blue Grass patrols on Washington and seat Mr. Tolden. Now Mr. Waterson sees in the conduct of President Roosevelt on every side "Menaces of most ominous import." He pretends to believe that the president would "Mexicanize the Republic" which would be about as sad as Mexicanizing the money, as the last presidential candidate of the Kentuckian's party would have done and turned things topsey turvey.

However Colonel Waterson is himself a candidate for president and he is very much worried over some sort of a plausible paramount issue, different from that which his party has been working on during past campaigns so unsuccessfully.

The Presidential bee in a statesman's bonnet is liable to unbalance him.

Henry has too good sense in these peaceful times to talk of the "piratical flag of negro domination—the equally disreputable and bloody shirt of sectional agitation or a force bill to smite the South."

Henry should avoid after dinner speaking if he desires a presidential nomination.

People might become impressed with the idea that a Diaz for President would be no worse than a Blue Grass statesman; or that it would be no worse to Mexicanize than to Kentuckyize the country.

Evangelistic Meetings.

Owing to the fact that it was prayer meeting at all the churches the audience was not as large as usual last night at the congregational church, but the power of the holy spirit was present and one bright young man yielded his heart to the master.

This afternoon at 3 o'clock there will be a service and Rev. Simpson of Shaw will speak and at 4:10 the childrens meeting which is a very interesting service indeed.

Tonight instead of the usual song service Rev. Van Anken will illustrate with stereoptican views the old and popular song, "Where is my wandering boy tonight." After which he will preach

Only a few more nights remain. Come and bring your friends. You can't afford to miss the service tonight.

Many Candidates Initiated.

There was a large attendance at the meeting of the Court of Honor last evening. The degree team initiated thirteen candidates in quick order. The solid gold pin awarded by the supreme chancellor for the month of March was won by Mrs. Fred Hanlon. The meetings are constantly growing in interest. Preparations are well under way for the "Sweet Sixteen" dance to be given for the guards who will go to Kansas City next year. The dance will be given on the evening of April 10th and will be unique in many features.

Illinois Cigar Co.

The above company is now nicely located at 85 Galena avenue, over Mark's clothing store, and is now manufacturing a fine cigar. They claim to manufacture the finest five cent cigar in the United States, as the managers have had years of business experience in this line, and both the manufacturer and the cigar are worthy of the patronage of our business men and the public. Watch our paper for announcements of this great five cent cigar.

Rock River Presbytery.

There will be a meeting of the Rock River Presbytery at Rock Island, Tuesday, April 8th. Dr. Cryor and one of the elders of the church as well as representatives of the different ladies societies will go from Dixon to attend the meeting.

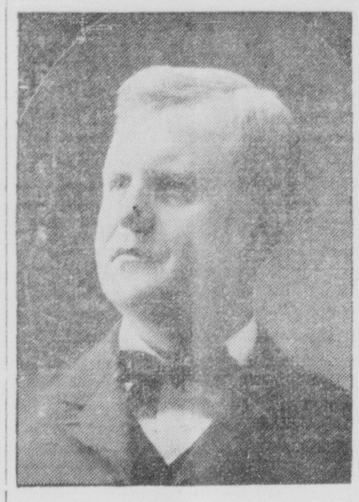

Palmyra Insurance Company.

The directors of the Palmyra Insurance company held a special meeting Wednesday and made a levy of 25 cents on a $100 to cover recent losses. The Jacobs fire was a heavy loss and cost the company $3,500.

CANDIDATES FOR COUNTY JUDGE

What His Friends Say in Regard to Attorney Clyde Smith.

The county court of Lee county is concerned with important questions relating to taxation, the sale of real estate, minor criminal offenses, the administration of estates, and the interests of persons helpless and independent because of youth, or mental weakness. These matters demand and require the supervision of a sound, keen, logical intellect, backed by practical experience and knowledge of the law, and tempered with a firm but kindly disposition.

These qualities are found in a marked degree in the present incumbent, Judge R. S. Farrand, and the same qualities should be required in the attorney who will be elevated to the position by the suffrage of the people. The people should run over the list of candidates and ask themselves.

"Is he able?"

"Has he the requisite legal knowledge and experience?"

"Is he strong, or is he weak and vacillating?"

These questions can all be answered in the affirmative for Attorney Clyde Smith, formerly of Pawpaw, whose announcement appears in another column, who is a candidate for county judge. A glance at his likeness brings the conviction that he really possesses the qualities enumerated. His friends, and they are numerous, state that he should receive the nomination at the hands of the people for the above reasons, as well as for the following:

1. He has been a lawyer in practice for more than thirteen years.
2. He is working no side issues.
3. He has always been uncompromisingly a Republican.
4. The interests of persons before the probate court will be best subserved by his election.

He came to Dixon from Pawpaw twelve years ago. The bar at Dixon shone with a galaxy of legal lights, among whom were in active practice Hon Sherwood Dixon, Hon. S. H. Bethea, Charles B. Morrison, Judge R. S. Farrand, A. K. Trusdell, William Barge, James B. Charters and A. C. Bardwell. This combination was a stiff one for a young, and compartively unknown lawyer to achieve headway against, but it will be remembered that Mr. Smith did so and succeeded in getting his just share of practice and in winning his due of cases for his clients. He did this by bending his whole energy to the study of the law. He was not tempted by the allurements of gaining money through the easier channels of real estate, insurance, or minor offices, but burned the midnight oil in the constant endeavor to become more and more familiar with the intricacies of Blackstone. In his fight for success he recognized the comprehensiveness of Lord Coke's remark that

"The law is a jealous mistress."

He has had no assistance in his rise.

Mr. Smith has always been a Republican. He has worked for the success of his party in an honest and open way and has nothing to be ashamed of in his past record. THE TELEGRAPH can vouch for his adherence to the principles of the party from personal knowledge. It believes that the widows and children interested in the settlement of estates have more need to have these safely and economically administered, and a greater and a better right to the best service attainable, than has any candidate to the emoluments of the office. A calm, unprejudiced survey of the situation unfolds to the minds of all that Attorney Clyde Smith, if elected, would not only serve the people well, but ably, fearlessly and honorably.

New Equipment.

Trains Nos. 1 and 2 on the Chicago & Northwestern road have now attached to them elegant observation cars. The Northwestern is sparing no expense to increase the convenience of its passenger traffic equipment.

—Charles Hearst and Charles Weaver stopped off here today on their way from Chicago to Polo, where the former runs a blacksmith shop.

CONCERT AND COMIC OPERA.

By Members of the Dixon Musical Conservatory.

The concert and comic opera presented at the College last night by the pupils in voice culture under the direction of Mrs. George C. Heritage, was a signal success. The program was very fittingly introduced by a popular march from Prof. Strong's orchestra, after which followed the Ladies' Quartet in Franz Abt's composition "Ring on Ye Bells," at once enlisting the rapt attention of the large audience gathered expectantly for a treat. The third number, a tenor solo, by Mr. Crain, was, by announcement, omitted from the program because he was still suffering from a cold, and taking a leading part in the opera, it was thought best to save his voice for the more difficult parts in that production.

The comic duets, the "Hunting Tower" and "Romeo and Juliet," by Miss Milne and Mr. Crain were a pleasant surprise to the audience, both parts being admirably rendered. The criticism that "Janie" acted a little too bashful, falls to the ground at once when it is understood that this peculiarity is a natural and very becoming trait of character of this interesting vocalist. The orchestra, always ready and always popular, now closed part one by an overture, entitled the "Bohemian Girl," after which every eye was watching for the opera. This composition by Carl Mertz, entitled "Last Will and Testament" is a most delightful comedy in song whose popularity was evinced, throughout its entire rendition by every one present, the grand finale completely capturing the "house." Mr. Craine as Eugene, the painter, carried his part admirably and presented a handsome figure in his elegant costume. The sad widow taken by Miss Campbell and the jolly widow by Miss Kenison, though exceedingly difficult characters, were well sustained and merit commendation. Miss Josephine Stewart in Therese, the widow's niece was exceptionably fine while Miss Milne's part as Therese's friend was well acted and her representation of the young lawyer, merited special praise. The piano solo by Miss Varney and the violin solo by Mr. Yates were very good. Miss Nettie Smith presided at the piano skillfully and satisfactorily. Taking into consideration that many of those on the program had never taken part in an opera, Mrs. Heritage, the director and instructor, is all the more complimented for the almost faultless presentation of the entire program.

Rev. J. G. Finkbeiner to Leave Dixon.

In the rotation of pastors in the United Evangelical church, Rev. J. G Finkbeiner, who has served Grace church in this city so acceptably for the past few years, has been assigned to a new pastorate. The annual conference which closed its session in Shannon, Stephenson county on, Tuesday, made quite a few charges in the Naperville and Freeport districts. Mr. Finkbeiner's successor is E. O. Rife, for whom we bespeak a hearty welcome. Mr. Finkbeiner goes to Highland Park church. A. W. Smith has the South Dixon charge: W. H. Fouke, a former Dixon boy, goes to the church at Naperville.

In the Freeport district J. H. Keagle, formerly pastor here, goes to Sterling; Isaac Divan, the first pastor of the Dixon church, goes to Rock Grove, his brother, John Divan, to Freeport, J. G. Eller is sent to Polo, and B. R. Schultze to Shannon.

Mr. Finkbeiner, during his residence among us, has made many friends in Dixon outside the membership of his own church, all of whom regret the severance of the ties which bind. Ministers and members of the various churches, as well as those who have met him in a business capacity, have found him to be a man in every way worthy of his calling and can commend him most heartily to the people of his new charge.

Alligators Waking Up.

It must be so, for the Sterling Standard says so. But the alligators alluded to are not of that species that inhabit the bayous along the lower Mississippi river and who occasionally catch a stray pickaninny. These alligators live at Rock Falls mostly and catch "flies." It is expected that there will be a reorganization with four men from Sterling and the rest from this city. It will be called the Twin City Ball Club and Captain Winn Coover will be at the head of it The following is a list of the members of the club: Joe Killen, the famous catcher; William Lipp, who has distinguished himself as a second baseman and all around good player; Harry Hoag, the pitcher; George Malvern, the third baseman. The Rock Falls players will be I. W. Blake, Robert Calligan, Glenn Beales, Sheldon, Stone and several substitutes, who will help out well in a pinch at any post on the diamond.

—Rev. Dr. Cryor will preach at the Palmyra church Sunday afternoon.

A LIFE CRUSHED OUT.

Young Clinton Boy is Struck by Hammer Cast by a Schoolmate.

As announced in THE TELEGRAPH yesterday, eight-year-old Hugh Callahan of Clinton, Iowa, lost his life Tuesday evening as a result of a deplorable accident which occurred in DeWitt park, just opposite the Clinton High school. A metal hammer, thrown by Tim Clark, a member of the athletic team of the school, which struck the little boy on the temple was the cause of his death.

There were several witnesses to the tragic affair, hundreds of them in fact. The boys, after school, assemble each afternoon in the park, the team to practice athletics for the coming state meet, and the younger pupils to watch them work. Some of the athletes were jumping and vaulting, and others were practicing with the shot and hammer. Young Callahan, the boys say, came out of the school building, and his attention was at once attracted by the games going on in the dark. "Gee! look at them jump!" was his boyish cry as he ran across the park and stopped, leaning against a tree trunk, to watch the vaulters. At that particular moment Clark was in the act of casting the hammer, a lead ball, weighing twelve pounds, suspended upon a wire handle. He slipped and the iron missile flew off sideways. The boys shouted an alarm, and one of the students jumped aside and avoided a blow from the swiftly-flying hammer. Intently watching the proceedings in another portion of the field, the little Callahan boy never moved, and horrified eyes were turned upon him as with bated breath, the group of spectators awaited the cruel outcome. The heavy leaden ball, with awful force, struck the tree, glanced sideways and struck the little fellow squarely on the left temple.

As he sank to the ground his companions gathered about the prostrate form, which seemed lifeless but for the convulsive twitching of the limbs, and the blood that ebbed freely from the mouth, eyes and ears, as a result of the concussion. One small hand, that, boylike, he had thrust in his pocket, was removed, and in it were clutched three marbles. Soon the blood ceased to flow, and the little form was still. Some of the larger pupils lifted him from the ground and carried him into the Washington school. Physicians were hastily summoned, and under their direction, the injured boy was conveyed to Mercy hospital, where he died at 7 o'clock, never for a moment regaining consciousness. An examination revealed the fact that the kull was fractured in two places, one at the left temple and the other lower down near the base. It is likely that either would have been sufficient to produce death.

Later in the night the boy was taken home to the grief stricken parents and the body prepared for burial. The funeral will be held Thursday afternoon.

The Clinton Herald says that the young man who unfortunately caused the death of the boy is not to be held responsible for the accident. The blame is due to the lax method by which athletics are practiced, not "taught," in the high school. The young men are all amateur and have but little control over the instruments they use. Instead of being under the supervision of some person of mature years, they go into the park and practice in a hap-hazard manner, not only endangering the lives of spectators, but pedestrians passing through the park and on the streets as well. The younger pupils are also allowed the freedom of the park and in their sport often run into danger unknowingly, as there is no person on hand to guard them from the death dealing missles. The lives of the pupils of the park schools and also of pedestrians, would be in much less danger if the practice on the parks were entirely abandoned.

This shows the necssity of providing for a suitable ground for the practice of athletic sports, and the citizens should take up the matter.

—Mrs. Milton Burright drove to the county farm this afternoon.

—Mr. Newman of Weinberg & Co., Chicago, is here to buy horses.

—D. E. Stiteley has returned to Chicago after a few days' visit in this city.

—The Rebecca Lodge will meet at their lodge room tomorrow evening at 8 o'clock.

—Edwin P. Townsend, a DeKalb county supervisor from Mayfield, is dying of paralysis.

—Mrs. J. E. Agnew of Emerson, spent today with her parents, Mr. and Mrs. A. J. Steacy.

—A boy baby came Tuesday to the home of Mr. and Mrs. George Frey of East Second street.

—The Twentieth Century Club of Franklin Grove was entertained yesterday by Dr. and Mrs. Banker. Mr. and Mrs. Lee Dysart and Mrs. Clarinda Zarger of Nachusa were guests.

DAILY MARKET LETTER.

Prepared by E. H. Prince Commission Co., Union State Bank Building.

CHICAGO, Ill., Mch. 27, 1.02.

WHEAT: The wheat market opened with a considerable show of strength this morning, influenced by the cables, the continued receipt of bad crop news and the situation in the corn market. There was heavy selling on part of Cudahy Brokers but the big commission houses supported the market and the advance held fairly well until some of the local crowd commenced to offer wheat freely and it weakened under this selling and declined still further on the absence of export business, closing weak and about 1 1-2 lower. There was considerable wheat sold on profit taking, holders not caring to carry it over the Holiday. Trade was large and some of the buying was of the very best character. Higher cables were reported to be on our cheap damage news. The price current was bearish and there were more rains in the wheat belt weather. Receipts continue small 19 cars here with twenty estimated for tomorrow. We can see nothing in the situation to encourage holders and continue to advise sales on the hard spots.

CORN: This was another big day in the corn market with the cereal showing considerable strength all day considering the weakness in wheat in spite of heavy and persistent selling on part of some big traders. The market was nervous and excitable on account of reports that an effort was being made by large eastern concerns with leading Chicago commission houses to corner the market, but the excitement died out to some extent when it was learned that the House mentioned was selling some corn and the market began to feel the effects of the selling and decline a little closing with a loss of ¼ to ⅝ cents. We look for a nervous active market with corn a sale on the bulges.

OATS:—There was a good demand for July oats today on part of Commission Houses and the market was strong and higher early with other grains but sold off in the genaral decline and become weak on offerings. Closing 5-8 lower. May was rather quiet and featureless declining towards the close on weakness of July. There was a general tendency to sell May but there was little demand. The Price Current report seeding progressing well.

PROVISIONS—There was another big line of pork covered today and the price advanced about 7 cents for May and July. There was a big general trade and buying was liberal for both long and shorts. Packers bought ribs through porkers offerings were principally on the part of longs who took profits on this weak bulges. Close is strong at the top prices of the day. A private estimate of provision stock in Chicago shows decrease in lard and unchanged for pork and ribs. This in view of the liberal hog receipts is considered bullish. E. H. PRINCE.

The following is the range of prices on the Chicago Board of Trade today

	Open	High	Low	Close
Wheat—				
May.....	73½-73	73½	71⅛	71⅛
July	73¼-74	74	71¼	72⅛

Strikes a Rich Find.

It was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. " No remedy helped me until I began using Electric Bitters which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles that they are a grand tonic and invigorator for weak run down women; No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Rowland Bros.

A Horrible Outbreak.

"Of large sores on my little daughter's head developed into a case of scald head" writes C. D Isbill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It is a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Rowland Bros.

Working 24 Hours a Day.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Rowland Bros.

A Severe Cold For Three Months.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. Sold by Rowland Bros.

Are you sick? If so, investigate the merits of HERBINE. It is a concentrated medicine, the dose is small, yet it quickly produces the most gratifying results, digestion improves, the lips and cheeks lose their pallor, the eye becomes bright and the step elastic. Price, 50 cents. E. M. Bunnell Co.

Pneumonia Follows a Cold.

But never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Sold by Rowland Bros.

For all pulmonary troubles BALLARD'S HOREHOUND SYRUP, taken in the early stages, proves a certain and sure specific. It is equally effective in croup and whooping cough, and if used in season prevents the further developement of consumption. Price 25 and 50 cents. E. M. Bunnell Co.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered, the lungs are weakened making them peculiarly susceptible to the developement of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Sold by Rowland Bros.

Children often inherit feeble digestive power and colic of a more or less severe character results, when food is taken which is at all difficult to digest. WHITE'S CREAM VERMIFUGE acts as a general and permanent tonic. Price, 25 cents. E. M. Bunnell Co,

Foley's Kidney Cure makes the kidney's and bladder right. Contains nothing injurious. Sold by Rowland Bros.

Couldn't help getting a cold never cures it; but carrying home a bottle of BALLARD'S HOREHOUND SYRUP, and using it as directed, will cure the worst kind of cough or cold Price 25 and 50 cents. E. M. Bunnell Co.

Cough Settled on Her Lungs.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her. Refuse substitutes. Sold by Rowland Bros.

No one knows the unbearable torture one undergoes from piles unless they are so afflicted. TABLER'S BUCKEYE PILE OINTMENT is a quick, safe and painless cure. Price 50 cents in bottles, Tubes, 75 cents. E. M. Bunnell Co.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Sold by Rowland Bros.

Headache often results from a disordered condition of the stomach and constipation of the bowels, A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cures the headache. Sold by Rowland, Bros

ISTHMIAN CANAL BILL.

Scheme to Amend It May Cause Defeat of Measure.

PROVIDES FOR THE ISSUE OF BONDS

Opponents of the Waterway Hope Thus to Prevent Its Passage—Duty on Tea—Protection For the President—John Allen's Successor.

Washington, March 27.—[Special.]—The repeal of the war revenue taxes opens the way for a scheme which many senators have long had in view. It is to amend the isthmian canal bill by providing that all money expended in its construction shall be raised by the sale of bonds. This may have the effect of "loading" the bill, for many senators will not desire to vote for bonds, and yet it is quite possible that there will be a majority for the amendment. Those who do not want a canal will vote for such a provision because it may help to defeat the bill, while many other senators believe that as the benefits of the canal are to come to future generations the burdens should be borne by them. This suggestion has been made before, but with a great surplus in the treasury and still increasing it was said that it would be idle to talk of issuing bonds. With war revenue taxes wiped out the surplus will be cut and a fair excuse offered for an issue of canal bonds to construct the interoceanic waterway.

The Duty on Tea.

There was considerable regret among many congressmen that the duty on tea had to be removed, not only because there is a tea farm in South Carolina which seems to have been encouraged under the duty, but because it is claimed that a better article of tea has been obtained under the duty. It is said the cheap varieties of tea, sometimes called "sweepings," could not be imported here and pay a duty of 10 cents a pound. On the other hand, it was claimed that the duty has caused an advance of the cheaper teas to the detriment of the poorer people, who could not afford the higher grades.

Spooner Became Sarcastic.

Some Democratic senators maintained that the bill to protect the president or any one succeeding to that office should only extend to the man in his official capacity. Senator Spooner was contending that a vice president was at all times a possible successor of the president in the discharge of his duties and was enumerating what the vice president might be doing. Senator Patterson broke in with, "Or hunting mountain lions in Colorado." A little further along Patterson said, "I have known presidents to be off for a week duck hunting." Finally Spooner said sarcastically that he supposed the bill ought to be amended to read, "A bill to protect the president of the United States except while he is duck hunting or riding a horse or sitting at a state dinner or riding on the cars or living in the Adirondacks or seeking a little necessary recreation and that you can shoot him at these or at any other times."

A "Tombigbee" Man.

John Allen of Tupelo, Miss., who has oftentimes convulsed the house with laughter, does so no more, but his successor, Representative Candler, promises to fill his place. His first speech was on the river and harbor bill, when he made a plea for more money for the Tombigbee river. "I have talked Tombigbee so much," he said, "that when I appear on the floor or pass through the corridors fellow members say, 'There goes Tombigbee.' But as long as I remain here I shall talk Tombigbee until the word is emblazoned on these historic walls. This is one of the oldest rivers in all this country," he said.

"Will the gentleman tell us," said Representative Thompson of Alabama, "how much older his river is than the Coosa river, in Alabama?"

"I said one of the oldest," retorted Candler. "You cannot get me to say anything against Alabama, because the best, the noblest and sweetest possession I have on earth is my wife, and I found her in Alabama and persuaded her to leave that great state and remove to Mississippi, and one of the chief inducements was that she would be nearer the beautiful Tombigbee."

"How old is your river?" persisted Thompson.

"It has been where it is now," responded Candler, with mock seriousness, "ever since America was discovered, and I was just saying I did not know how much longer."

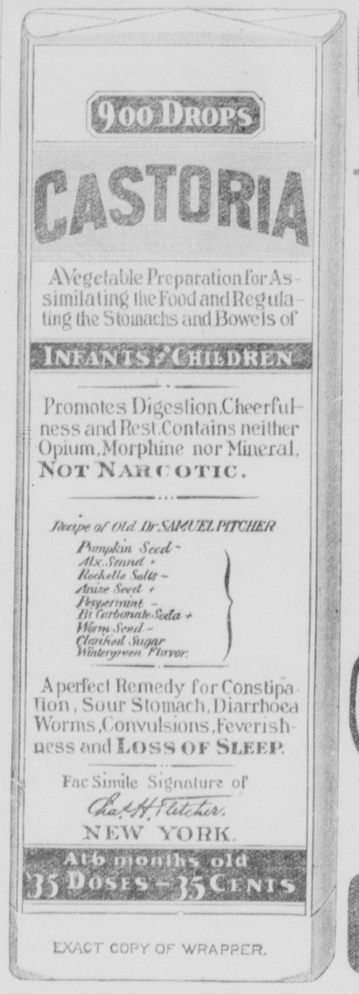

A Moving Appeal.

Candler closed his remarks with a flight of oratory mingled with pathos and humor, saying:

"The richest lands of the Tombigbee valley have never been touched, and the river moves as when the red man trod its banks and lies, like the sleeping beauty of old, awaiting the magic touch of river improvement and consequent progress to awaken it to new life. Mississippi with outstretched hands appeals to you; her brave, loyal and chivalrous men and her cultured, lovely and precious women will be grateful to you, increased and paying commerce will praise you, bustling, hustling business will laud you and an approving conscience will make you happy if you vote for my amendment and thereby bring about this great and beneficent improvement in this beautiful stream, the historic and lovely Tombigbee."

The house laughed and applauded and then voted down the amendment.

Surgeon's Knife Not Needed

Surgery is no longer necessary to cure piles. DeWitt's Witch Hazel Salve cures such cases at once, removing the necessity for dangerous, painful and expensive operations. For scalds, cuts, burns, wounds, bruises, sores and skin diseases it is unequalled. Beware of counterfeits. Rowland Bros.

An Honest Medicine for LaGrippe.

George W. Waltt, of South Gardiner Me., says. "I have had the worst cough, cold, childs and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the childs, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by Rowland Bros.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness They were just what I needed. I am feeling better now than in years." Never gripe or distress. The very best pills. Remarkable Cures of Rheumatism

From the Vindicator Rutherfordton, N. C.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relieve in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For Sale by Rowland Bros.

Could not Breathe.

Coughs, colds, croup, grip, bronchitis other throat and lung troubles are quickly cured by One Minute Cough Cure. One minute Cough cure is not a mere expectorant, which gives only temporary relief. It softens and liquifies the mucus, draws out the inflamation and removes the cause of the disease. Absolutely safe. Acts at once. 'One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace, J. Q. Hood, Crosby, Miss: "My wife could not get her breath and was relieved by the first dose. It has been a benefit to all my family. Rowland Bros.

A Good Cough Medicine for Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Morah, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug. Sold by Rowland Bros.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received perfect and permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate, insurance and loan agent, of Macomb, Ill. "Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief." You don't have to diet. Eat any good you want but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you. Rowland Bros.

INJUNCTION AT NORFOLK

Strikers Restrained from Interfering with the Street Railways.

Norfolk, Va., March 27.—An injunction has been signed by Judge Henckle, of the corporation court, restraining eighteen employes and other parties from interfering in any manner with the Norfolk Railway and Light company. The injunction restrains the defendants from attacking the employes in any manner whatsoever, and from committing any act to injure the cars, railroad or other property of the company.

The two committees from the labor unions with authority to settle the strike called on the street railway officials yesterday and asked for concessions. These were refused, the company declining to treat with the men as a body. The Central Labor union may lift the boycott.

NO BAIL FOR RATHBONE

Cuban Court Refuses Absolutely to Free Him Pending His Appeal.

Havana, March 27.—Estes G. Rathbone, the former director of posts, who was arrested Tuesday night after having been sentenced the day previous by the audencia court to ten years' imprisonment and to pay a fine of $35,324, remained in the Vivao prison all night. Yesterday he was taken to the carca (jail).

Accompanied by a number of friends Rathbone's bondsman, Senor Lopez, a Spanish merchant, went to court yesterday and announced that he was willing to furnish bonds in any amount, but bail was absolutely refused. Acting Governor Scott says the case is in the hands of the court and that he cannot intervene in the matter of fixing bail if the court refuses to accept bail.

JURY ACQUITS DR. GRAY

Believes His Account of the Death of Unfortunate Irma Brown.

Chicago, March 27.—Dr. Robert E. Gray, of Garden City, Kan., who has been on trial in the criminal court for the last fortnight on the charge of causing the death of Miss Irma Brown, of Garden City, by malpractice, was last night acquitted by the jury.

The state endeavored to prove that the girl's death was due to an operation performed by Dr. Gray, and he testified that her death was due to complications resulting from a fall sustained by the young woman.

The Sights Also Saw Him.

Saginaw, Mich., March 27.—A sportive traveling man received a loan he made to a Detroit bookmaker last summer, and having heard considerable of this city's tenderloin district, decided to see the sights. They also saw him, however, and when he emerged from a place on Tilden street it is alleged that he was $470 poorer than when he entered.

Elements May Hang Him.

Cheyenne, Wyo., March 27.—Notice of the stay of execution granted by the supreme court to Charles Woodward, sentenced to be hanged at Casper Friday, has not been communicated to the officials at Casper. The wires have gone down, and although one of the attorneys has gone by a circuitous rail route the storm may tie up the railroad, too.

They Think "Silver Dick" Is Wanted.

Chicago, March 27.—"Bob" Spears, who says he is known in the south as "Silver Dick," has been arrested here and the authorities of Frankfort, Ky., have been telegraphed to see if he is not wanted in connection with the Goebel assassination.

Rain and Snow Trouble Trains.

Bismarck, N. D., March 27.—Heavy rains following upon melting snows from last week's storms have stopped traffic on the Northern Pacific road. At McKenzie, where the immense low flats are, is a lake of water.

Adalbert Not Coming to Visit Us.

Berlin, March 27.—The Berliner Tageblatt says it understands that no visit to the United States by Prince Adalbert, the third son of Emperor William, has been contemplated.

DOCTOR AND PATIENT.

It Is Not Always Profitable to Tell the Plain Truth.

As a rule you can never take a woman at her word. A Louisville woman and her husband went east for recuperation. It was their intention to interview a leading physician before they came back in order to get his opinion of the wife's health. She had been far from well and finally concluded nothing would satisfy her but the verdict of this medical celebrity.

Accordingly husband and wife called by appointment upon this specialist. "Now, doctor," said the woman, "I want your honest opinion. I like candor and don't wish to make the trip here to be told any falsehood about myself."

This sounded very open and courageous, so the expert went to work. He looked at her well, asked questions, made a minute examination of the case and finally inquired, "Did any doctor ever tell you you had so and so?"

"Only one—the horrid brute!" was the reply. "I have been to ten or twelve, and he was the only one who was so ignorant and rude as to tell me such a thing, and I discharged him at once."

"Discharged him!" exclaimed the expert. "Why, madam, he was the only one of the lot who told you the truth."—Louisville Times.

Fresh Water Sponges.

That certain sponges can do a great deal of harm is now maintained by a French scientist. According to him, the water supply of some cities and towns has been polluted by them, and the water supply of others may be polluted if steps are not taken to prevent it.

Sponges of this kind are found only in fresh water and are known as "cornacuspongiæ." A close examination shows that each of the various parts of such a sponge is composed of three layers. First, there is a flattened layer of epithelial cells, which covers the outer surface; next, there is a digestive layer of cells, each of which is surrounded by a collar, from which projects a little thong or whip, and, finally, between these two there is a third layer, containing the reproductive cells as well as the spicules and fibers which form the skeleton.

In some sponges the spicules are composed of silica and in others of calcium carbonate.

After some time sponges of this type decay, and if the water inhabited by them is used for drinking purposes the pollution caused by them is likely, according to the French scientist, to prove injurious to the public health, and therefore he recommends that the water be cleared of such sponges wherever it is possible to do so.

There are sponges of this kind in many rivers and ponds in this country.

Mozart and Beethoven.

The stories of how men of genius have had future fame predicted for them in their early youth must generally be taken with a considerable grain of salt. As authentic as most is the account of the first meeting of Mozart with the young Beethoven, which took place on the latter's first visit to Vienna in the year 1787. Mozart, then at the height of his fame, asked him to play, but, thinking his performance a prepared piece, paid little attention to it. Beethoven, seeing this, entreated Mozart to give him a subject, which he did, and the boy, getting excited with the occasion, played so finely that the composer of "Don Giovanni," stepping softly into the next room, said to his friends there: "Pay attention to him. He will make a noise in the world some day or another."—Chambers' Journal.

Our Surprising Sunflowers.

Few people in England, remarks a London paper, who grow the sunflower for ornament have any idea of its usefulness. And then it proceeds thus to describe the sunflower on its native heath in the United States:

So rich is this plant in oil that the seed of one of these monster plants will yield fifty gallons of oil, while the refuse of the seed after this quantity of oil has been expressed weighs 1,500 pounds when made into cattle cakes.

Three Classes.

Henry Thomas Buckle's thoughts and conversation were always on a high level. Once he remarked:

"Men and women range themselves into three classes or orders of intelligence. You can tell the lowest class by their habit of always talking about persons, the next by the fact that their habit is always to converse about things, the highest by their preference for the discussion of ideas."

An Epitaph.

In a cemetery in Trumbull county, O., there is a tombstone on which the following epitaph, composed by the son of the deceased, is inscribed:

Here lies our father beneath the sod;
His spirit is gone to meet his God.
We never more shall hear his tread
Nor see the wen upon his head.

How He Explains It.

Stephen—So it is all over with Miss Bolter. How did it happen that she threw you over?

James—I don't know for certain, but I suspect it was because she wasn't hopelessly in love with me.—Exchange.

Fellow Feeling.

Mrs. Meeks—How do you know that stranger you were talking to is a married man? Did he say he was?

Meeker—No, but he looked sort of sympathetic when I told him I was.—Chicago News.

Some people can be made to believe anything except that they don't know everything.—Atchison Globe.

Chop! Chop! Chop!

Tiresome, isn't it, to get down the chopping bowl and knife and prepare something for the next meal? But the tiresome method is out of date. You can do the work with Sargent's Gem Food Chopper—and do it better—with but little labor. The Gem chops all kinds of food in coarse, medium or fine pieces, as desired. Useful in the preparation of substantials and desserts. You need it in your kitchen every day.
